

Project Name	Création d'un Bassin de Récupération des Eaux d'Incendie
Purpose of Project	Building a Recovery Basin for Fire Extinction Water
Location	Boulogne sur Mer, FRANCE
Project Owner	Communauté d'agglomération
Main Contractor	Spie Batignolles
Piling Contractor	Pajot & IvorKing
Duration	12-09-2024 to 25-09-2024
Press-in Machinery	Silent Piler F301
Pile Section & Length	AZ12-700 ; L=9.00 m ; l=8.55 m
Features & Remarks	The project required building a cofferdam in a tight space, with exist ing buildings only 2 meters from the sheet pile wall. To prevent damage from vibrations, the Silent Piler was used, effectively solving both the space limitation and vibration concerns.
